The World's first 'Recorder-Keyboard'  
A Sound Inspiration

 **This unique instrument looks like a keyboard but sounds like a Recorder!**

## What is the 'andes' Recorder-Keyboard?

**POINT 01** **This is a keyboard that sounds just like a Recorder.**

The 'andes' is a wind instrument like the Melodion, but creates a Recorder sound each time you press a key.

**POINT 02** **You can play chords!**

It is not possible to play chords on a traditional Recorder, but you can play chords on the andes just as you would do on a standard keyboard.

**POINT 03** **The andes 25F has a relaxing, soothing sound.**

The unique tonal qualities of the andes can offer a further dimension of sound exploration and wider playing experience.
