

SUZUKI New Soprano Recorder

Designed based on Original model made by craftsman in the Baroque period.

☆Point 1

ARCHED WINDWAY !

An arched windway has a full, glossy tone and gives the player more resistance, providing more control.

☆Point 2

Finger reaches the hole without difficulty !

Fit small hands of Children because the finger hole size is smaller and the spaces between the holes

☆Point 3

Playing/Sounds features !

Easy to blow / make low pitched sounds. Balanced pitch in all register you can make.
